

Sinclair's use of the airwaves to promote its own political agenda flies in the face of objectivity in the news. There can be no real freedom without an unbiased, objective press. Propaganda of this scale ("Stolen Honor") on public airwaves is undemocratic, dangerous and unfair. Please foster a system that serves the public interest in an egalitarian and open manner. Allowing Sinclair stations to air "Stolen Honor" as a news report does not serve the public interest. Thank you.
